DREAD DISEASE

Diphtheria Now Prevalent in the Maysville Neighborhood

Our neighboring town of Murphysville is wrestling with malignant diphtheria. One family has had one death and four more members have it.

In order to check the spread of the disease \$12 worth of diphtheritic anti-toxin was purchased here yesterday by order of the County Judge and sent out to the afflicted people.

There is nothing like taking hold of a matter like this in time.

OTHER OX GORED!

Louisville Veterans Now Have No Use For the Darkies!

The Grand Army in Kentucky has been dominated for years by John W. Hammond and John Biles of Louisville, and this power and control has been attained by and through the Negro vote of the Order.

This power has often been used to their own advancement and others of their choosing.

Many a good man from Northeastern Kentucky, who had the temerity to aspire for office in State Encampments, has gone down in defeat before the solid phalanx of this same Negro vote.

It was all right then, because the Louisville crowd carried the Negro delegation in their pockets and used them to their own purposes. It seems as this power has gone from them, and they now see through different glasses.

General Order No. 2 from the headquarters of Commander Baumith of Bellevue, which commands they shall attend the National Encampment in Boston under the leadership of Junior Vice-Commander H. C. Pearce, a Negro, and what is worse a hooligan, is something more than they propose to stand.

They have organized what they call a "Lily White" Post, and are sending out circulars to all Posts in the state inviting them to join in a general rebellion against the order.

Joe Heiser Post No. 13 of this city, as well as all other Posts in this part of Kentucky, have always been of a white order and do not need to join another.

It makes all the difference in the world whose ox is gored. At least, Messrs. Hammond and Biles think so; don't you, gentlemen?

The Postoffice at Hitt, Robertson county, has been discontinued.

The next annual meeting of the Grand Lodge of Kentucky Colored Knights of Pythias will be held at Ashland in July, 1905.

The union service tomorrow evening will be held at the First Baptist Church, the Rev. Dr. John Barbour of the First Presbyterian Church delivering the discourse.

Colonel and Mrs. George Hoop today celebrate their Golden Wedding anniversary at their home at Greenup. Four generations will be represented at the anniversary.

Rev. W. R. Donaldson of North Middletown will preach at the Christian Church tomorrow morning, during the absence of the Rev. R. E. Moss at Penn Grove Campmeeting.

Governor Beckman, in behalf of the Kentucky state officials, has accepted the invitation of the Mayor of Monroe, Mich., to be present September 1st at the unveiling of the monument to the soldiers who fell at the battle of the River Raisin.

Mrs. J. D. Muse and daughters, who are spending the summer at Princeville, Ill., with relatives, will next week join Mr. Muse at St. Louis to spend a few days viewing the Exposition.

Judge Shaw of the Kenton Circuit Court granted a temporary injunction against the operation of the Covington poolrooms, but suspended judgment for fifteen days pending the appeal to the Court of Appeals by the owners of the rooms.

The Auditor of the War Department has rendered a decision giving additional pay to three Kentucky Regiments mustered in for the Spanish American War. The First Regiment is to receive \$1,740.29. Second Regiment \$570.36, Third Regiment \$775.49.

In a communication to Superintendent of Public Instruction Fugui, State Auditor Hager declines to place any part of the income from the School Fund until first directed to do so by the Courts. He declares that such an action would derange the present tax rate, which would have to be reapportioned by the Legislature.

"There Isn't One Really Good Printer in Five Hundred."

Printers' Ink—the leading journal on printing of all kinds—has the following to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent and others are willing to pay for good printing, no matter where it comes from."

Printers' Ink knows what it is talking about. Poor printing is a bad investment in any work of art. A business man's stationery or bookseller's office, traveling man—if he's neat, well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good.

We know that. We keep abreast of the times. We know what good printing is and produce it. We are pretty careful not to let a bad job get onto our presses. No press in the country can better our printing and we want you to know it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One-Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MOST MISERABLE OF MEN

Inmates of a Portuguese Prison Clothed In Shroud and Mask

Entombed in a grim castle on the outskirts of Lisbon are some of the most miserable men on earth. These are the inmates of Portugal's prison of silence. In this building everything that human ingenuity can suggest to render the lives of its prisoners a horrible, maddening torture is done. The corridors, piled tier on tier five stories high, extend from a common center like the spokes of a huge wheel.

The cells are narrow—tomblike—and within each stands a coffin. The attendants creep about in felt slippers. No one is allowed to utter a word. The silence is that of the grave.

Once a day the cell doors are unlocked and the half a thousand wretches marched out, clothed in shrouds and with faces covered by masks, for it is a part of this hideous punishment that none may look upon the countenances of his fellow prisoners. Few of them endure this torture for more than ten years.

There isn't as much profit for the druggist in our kind as there is in the ordinary grade, but there's a lot more profit in it for the tobacco grower. Better use our Paris Green this year

It never ranked so high as it now does in Kentucky and in the country.

DOUGHT TO SEE THEM

The Handsomest Calendars Ever Shown in This City

The business man who spends his money in Maysville, simply puts that money into the hands of people who will in turn spend it with him again.

Did you ever think of that?

The business man who spends his money for printing in Louisville, or Cincinnati, or Chicago, or New York, puts that money into the hands of people who never did, nor ever will, spend a dollar in his store.

Did you ever think of that?

Now, in order that a good deal of this money may be kept at home, and spent by home workers and home employers with home merchants, The Ledger Printer has secured the handsomest line of Calendars ever seen in this city, with a price limit to suit every need.

Mr. Richard L. Miles, The Ledger Printer's expert Printer, will call on you in a few days, dazzle your eyes with the beauties and tickle your bank account with the prices.

The merchant who wishes to reach people who buy goods, puts his advertisement in a paper that people read; the merchant who throws his money away, gives his advertisement to the fakir who promises to put it on a card and hang it up on a street corner.

Not less than 5,000 people read THE LEDGER 522 days in the year. This makes a total of 1,500,000 readers in a year.

Do you want your name and business repeated that often within the next twelve months?

The Tacoma passed up last night for Pomeroy.

The Douglas Hall passed down yesterday from Kanawha with a tow of fuel flats.

The Alice Brown will shortly be pulled out on the Marine Ways at Cincinnati for a thorough overhauling.

The United States Government snagboat General O. M. Poe is at Pt. Pleasant and will work on the upper Ohio river during the low water season.

The weather so far during the summer has not been very favorable for rowing, swimming and camping out along the banks of the river. It has been too cool and damp.

The Greenland leaves Pittsburgh August 11th on her fifth round trip to the St. Louis Fair. She has been doing a good passenger business and may remain in the trade permanently.

The present stage of water has exposed many barges along the banks which were sunk by the ice floes of last winter. The different companies have agents out locating these barges with a view of saving them.

The Monongahela and Allegheny rivers are rising slowly at upper points. From all indications a slight rise is in prospect and the packet companies have hopes of resuming business with up-river points early next week.

Seewickley is now the head of navigation for Ohio river packets. It will remain so as long as the new dams are being constructed below Davis Island. Before the work of building these dams was started the biggest down-river boats could get out on a four-foot stage at Davis Island Dam. Now they must have at least four feet and a half. The improvements have changed the current and riverbed.

Rev. R. J. Graetz of Augusta, who preaches at the German Church in this city, attended the Synod near Huntingburg, Ind., the past week.

M. A. Walton of Germantown was registered this week at the Kentucky Building at the World's Fair.

Between Ruggles' Campmeeting and the excursion to Cincinnati tomorrow the city will be pretty nearly depopulated.

Messrs. J. Barbour Russell, W. H. Cox and Byron Rudy went last night to Trinity to institute a new Lodge of Oddfellows.

The Board of Education at Greenup has as yet been unable to select a Principal for the School there. The Board rescinded the order electing Prof. A. O. Rogers of Mt. Sterling Principal.

The Carter County Fiscal Court has accepted the bond of J. W. Peck as tax collector, by order of the United States Court. The Court was forced to pay Mr. Peck \$116.10, his cost in prosecuting his claim.

Care of the Teeth

Usually the cause of poor teeth can be traced to insufficient attention to the removal of food particles from between them. These particles ferment and become a medium for bacteria, which form lactic acid, which attacks the enamel and causes decay. The only remedy for this is to keep the teeth clean, and for this there are no preparations so effective as our

SOCIAL EVENTS

Mrs. Howard Gayle of Covington gave a charming luncheon on Thursday, in honor of Miss Olive Funt of Flemingsburg and Miss Louise Hord. Miss Funt returned to her home in Flemingsburg yesterday.

A large crowd was delightfully entertained at the Second M. E. Church, South, last evening by an entertainment given by the Junior Epworth League.

The opening address was nicely delivered by Miss Edna Dawson. The Senior Epworth League was represented by Miss Knolene Stickley. A beautiful recitation, "The Kingdom of Heaven," was spoken by Miss Mabel Tolle; but the most interesting feature of the evening was the recitation, "Nobdy's Child," recited by little Miss Fannie Snapp. Many were the smiles as she appeared dressed in rags and barefooted, and many hands clapped as she disappeared.

Delightful music was rendered by Mrs. Roseberry. Beautiful songs were sung by all the little white robed girls.

Miss Hattie L. Wood was the hostess at a very charming affair at her hospitable country home last evening, entertaining in honor of her niece, Miss Anna Stillwell of Oklahoma City. Her guests spent the evening delightfully with all the modern parlor games, and dainty refreshments were served.

Miss Frances Ray, the bright little daughter of Mr. and Mrs. Henry W. Ray, delightfully entertained about thirty of her young friends Wednesday evening at her home in West Fourth street. One of the particulary pleasing pastimes was the Gypsy fortune teller. Refreshments were served and the little folks had a most enjoyable time.
